

SMS Verification Agreement

This SMS Verification Agreement ("Agreement") governs the use of SMS verification services provided by Nanazon Media (the "Company"). 1. Purpose of Verification: SMS verification is required to confirm the identity of users registering on the Company's platform and to prevent misuse of free or trial accounts. 2. User Consent: By registering on the platform, the user agrees to receive SMS messages containing verification codes to the mobile phone number provided. 3. Data Protection: The Company will process the user's phone number exclusively for verification purposes and will not share this data with third parties, except when required by law. 4. One-Time Codes: Verification codes are valid for one-time use only and expire within a limited period of time. Reuse or sharing of codes is strictly prohibited. 5. Liability: The Company shall not be held responsible for delays, failures, or interruptions in SMS delivery caused by third-party operators. 6. Acceptance: By proceeding with registration, the user confirms acceptance of this Agreement in full.
